

Celebrating Success

Dear Parent/Guardian

In 'normal' circumstances the end of your son/daughter's time at College would have been marked with a Leavers' Celebration Assembly with awards given by departments and individual subjects. It is disappointing that I was unable to present awards in person, but we still wanted to find a way to ensure that staff could acknowledge the outstanding successes of our students. Please take some time to have a look at the Awards booklet which can be accessed via the below link to find out if your son or daughter has been named:

[Leavers' Celebration Awards](#)

Congratulation to all who were selected as department or subject winners and to others who were commended by their teachers for hard work, dedication and perseverance. If your son or daughter has been named they will receive a certificate and a printed version of the booklet in the post over the coming weeks.

I am aware that teachers will have found a variety of means to say farewell to their own students and to wish them well. Members of the Senior Leadership Team wanted to say a few words and have compiled a short video which has been shared with second year students.

I hope that you and your family are able to enjoy the summer, albeit in the climate of restrictions that remain in place, and wish your son or daughter all the very best for results day in August. Please ask them to keep in touch - as you will see from the examples contained within the booklet, we are always so pleased to hear from our alumni and to find out what successes they have had since leaving College.

Best wishes

Ed
